

Opportunity

“There have been very few dull moments in my years of working. It’s difficult for me to imagine working in any other type of business!”

—ROBERT M. ABRUZZI
Owner
Abruzzi’s Café 422, Warren, OH

Robert Abruzzi knows a lot about the family restaurant started in 1939 by his father, Guerino Abruzzi. After earning an MBA in restaurant management from Michigan State University, he joined the family business in 1964. According to Abruzzi, “It is exciting to determine how the restaurant operates on a daily basis. I am fortunate to have a very capable management team and staff that work constantly on new menu items, décor and service.” Today, Abruzzi’s Café 422 is one of Ohio’s favorite restaurants, and a pillar of the local community.

A cornerstone of careers, community and the nation’s economy, the restaurant industry offers Ohioans the opportunity to build a career and to live their dream. In fact, the restaurant industry offers more growth opportunities for minorities and women than any other industry.

The restaurant industry, an industry of opportunity.
