RESTAURANT INDUSTRY AT A GLANCE

Restaurants in Arizona are a driving force in the state's economy. Their sales generate tremendous tax revenues. They provide jobs and build careers for thousands of people. They also provide healthful options for their guests, give back to their communities, and work to reduce their impact on the environment. Visit www.restaurant.org for more information.

In 2012, Arizona's restaurants are projected to register **\$10 billion** in sales.

Every \$1 spent in Arizona's restaurants generates an additional **\$.91** in sales for the state economy.

In 2010, there were **8,459** eating and drinking places in Arizona.

Every extra \$1 million spent in Arizona's restaurants generates an additional **24.7** jobs in the state.
