

## **Restaurant Industry State Vaccine Tracker**

This guidance document provided the most up-to-date information about how to get the vaccine in each state from February, 2021- June, 2021 , the current distribution phase of the vaccine, when restaurant workers were eligible to receive the vaccine and employer responsibilities, if applicable.

We are no longer updating this tracker as anyone ages 12+ or working in any state as a restaurant worker is now eligible to receive the vaccine.

For any questions about this document contact Kate Piche, Sr. Director, Accreditation and Compliance by email at [kpiche@restaurant.org](mailto:kpiche@restaurant.org) or phone: 312.485.6925.
